and to lose the business and advantage which is to be derived from its being brought directly into the city. The supply of coal, cotton and other proman—soldier, sailor, settler on the man—soldier, sailor, settler o tom to our mercantile houses, and a public lands—it guarantees the perthousand and one advantages-are formance of every pledge; and to the they so unworthy of attention and so working men and laboring classes unimportant to our interests that we of the country that their interests cannot afford to subscribe stock to any

A SPECIAL to the APPEAL from Montgomery, Ala., possesses peculiar interest for our readers in North Ala bams and in Eastern Mississippi, The immediate construction of the road from Chattanooga to Meridian is now a fixed fact. With this line, that THE MISSISSIPPI RIVER. short road, managed by Major W. A. SYKES, from Aberdeen to Elyton, Answer to Mr. Townsend's Report to the connects, in the very midst of the contileids of Alabama. The Selma and Memphis Road passes through Aberdeen, and of this Major Sykes' PEAL a few days ago a report from Col. road is an invaluable adjunct. Not Townsend in regard to the Missisless valuable is Major SYKES' road to sippi, about which I should like to say that which Mr. STANTON constructs. A word.
With Boston and Heatford manner. I think I could satisfy the Colonel, With Boston and Hartford money or any one entertaining his notions in substituted for A'abama bonds, the regard to removing obstructions purposes of Mr. Stanton will be at from the mouth of the river once achieved. It is stated that a perfect understanding subsists between STANTON and SAM TATE, and the past or the Gulf of Mexico, near it. sage of STANTON'S measures assures in my opinion, the channel at the the success of Tare's plans, which mouth can be deepened but one of price, from anywhere. Send for Price List will now certainly be executed. On the amount asked for by him, we are the amount asked for by him, we are the amount asked for by him, we are the success of IATE's plants, which is two ways: one by dredging, and the other by closing up a part of the passes, or all of them exceptione, and forenot advised, and only know that the ling the water out at that one, and conspecial friends of his Decatur line voted for the Stanton appropriation. distinct the Stanton appropriation. distinct the Stanton appropriation.

vide for the support of idle and pau-per negroes about Washington. It is a bill for charity, and those who do not want to work had better go on there. One way or another, the meat and bread is sure to be furnished for nothing but votes. Mr. Logan, a leading Radical, objects; but not on the ground of opposition to the chartest of the cost of the other than on the cost of the c ity. The control of the city, he said, plan? Say the dredging cost \$250,000 was divided between two negro parties, one of whom would triumph.

Description of the Government of th

"He (Mr. Logan) did not think it right to take the people's money to take the people's money to find his thirty feet of water?" I think establish a poorhouse here for the paupers of Washington. His propo-sition, therefore, put the distribution of the bounty of the Government in proper hands. The food would be dis tributed by the Secretary of War, who was a Federal officer, and responsible to Congress. The Mayors of Washington and Georgetown are responsi-ble to no one but their constituents, and they could do what they pleased with the money, and Congress would have no authority over them. Let the Sec retary of War distribute the food, and those who most needed it would gel it. He did not care for the Mayor of Washington, nor did it have any influence with him that he was a Re-

For the purpose of currying favor with General Alcorn, certain gentlemen in Mississippi have addressed him a letter hinting that to administer the State Government on Whig principles might meet their favor, and win over not a few old line Whigs from the Democratic standard to the upport of his administration. He reless that he will support his friends fall into their plies that he will support his friends and fall into their views, if they will come over if the Colonel goes to work to re
ty, and the present mode (dredging) the only plan by which the channel can be deepened, and kept so.

After disposing of the mouth of the river, the Colonel goes to work to re
(from its cheapness and efficiency) it must as good Republicans, and in claim the overflowed lands on the good faith into line with him. river, and while adopting my plan of straightening the river, be runs a lit-That is something rich.
